1 Afrika aslanı, kaplandan sonra dünyanın yaşayan en büyük ikinci kedisidir. Erkeğin yeleşi kahverengimsi sarıdan siyaha kadar değişir. Geniş alımlı, güçlü çeneli, uzayıp çekilebilen tırnaklı, sarımtırak kısa ve yatık tüylüdür. Kuyruğunun ucu püsküllüdür. Erkek aslanın başının etrafı uzun bir yele ile süslüdür

2 Atın yakın akrabalarından olan zebra lar siyah ve beyaz çizgili postlarından ötürü kolayca tanınırlar. Yalnız Afrika'da bulunan bu hayvanlar seyrek ağaçlı açık alanlarda yaşarlar ve sık sık antiloplarla birlikte sürüler oluştururlar. Zebra lar, tıpkı atlarda olduğu gibi, yele denilen saçlara sahiptirler.
