ŞİFRELI METİN

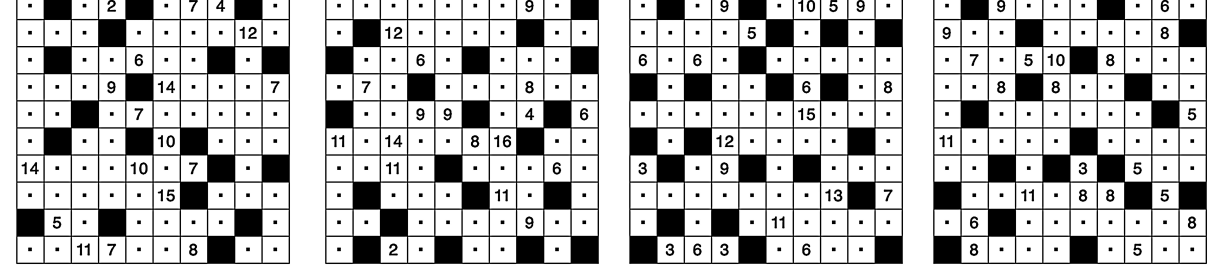

1 Maydanoz, yeşil renkli, damarlı bir bitki türüdür. Yaprakları baharat olarak kullanılmaktadır. Rutubetli ve sulak toprakları sever. Gövdeleri dik, tüysüz, içi boş ve çok dallı, yaprakları saplı, parçalı ve koyu yeşil renklidir. Çiçekler şemsiye şeklinde toplanmıştır. Yaprakları tüysüz, yeşilimsi ve özel kokuludur.

2 Biberiye Mor çiçekli ve çalı görünümülü bir bitkidir. Akdeniz çevresinde yaygın olarak yetişen bitkinin genç sürgünleri bahar olarak, kendisi ise süs bitkisi olarak kullanılır. Çiçekleri haşlanarak uyarıcı bir şurup elde edildiği gibi, "biberiye ispiertosu", kolonya vb. yapmaya yarayan değerli bir esans da çıkarılır.
